

AP POLICIES

1. One Legacy School practices open enrollment for all of its AP courses. This means ANY student who has passed the appropriate prerequisite courses can enroll in the AP class without exception. No entrance requirements are used at this school, including but not limited to: parental approvals, teacher signatures, and interviews.
2. Receiving a grade of a D or an F for the fall semester does NOT disqualify students from enrolling in the spring semester of the course.
3. Students are NOT required to take the AP exam at year's end; however, they must do so in order to receive weighted credit for the course.

Course	Prerequisites
