

Assessment Proposal Due August 1, 2014

Contents:

1. Default list for content or grade detailing the assessment used for each course/grade
2. The following for each course or grade
 - a. Content assessment List for individual attribution
 - b. Assessment Data Summary
 - c. Assessment
 - d. Report from Assessment Review Tool
 - e. Teacher Directions
 - f. Scoring Criteria: Guide or rubric
 - g. Master Scored Items

*repeat a-g for each course/grade

Important Notes:

For assessment that will require test data to calculate student achievement or student growth (Growth – Grade/course Measure, Achievement – grade/course cut-score), content leads will need to schedule a time with assessment team to discuss the measures or cut-scores that will be used after the data has been collected.

Teachers that do not have data entered by the close of the assessment window for all sections tested will utilize the default measure for individual attribution.
