Colorado Legacy Schools: Simply Working

- College-bound students are not graduating college-ready
 - 40% remediation rate statewide
 - Far higher for students of color/poverty/STEM
- Students who challenge themselves in rigorous courses learn more
 - Students who master AP courses are 3X more likely to graduate college
 - AP students who don't pass the test are 24% more likely
- Unfortunately, most students who show the potential, fail to enroll
 - 70% of Latino students
 - 80% of African American students

Colorado Legacy Schools: 1st Year Growth in AP Qualifying Scores

* Qualifying score growth outpaces growth in enrollment

Roundtable Discussions

Individually respond to the following (5 minutes):

- Why do you wish to increase enrollment in your AP Program?
- What obstacles exist to successfully doing so?
- What questions do you have for the panel facilitators?
