

RESULTS BY DISTRICT SIZE: 2015-16

Smart Source is a comprehensive inventory of best practices related to school health and wellness used to inform practices and policies for improving student health. For more information, please visit <http://bit.ly/CEISmartSource>

25%

of all Colorado K12 schools participated in 2015-16 Smart Source

The data included below are responses from participant schools for select items from Smart Source grouped across three district size categories.

-  Small district = <1,201 students
-  Medium district = 1,201-25,000 students
-  Large district = >25,000 students

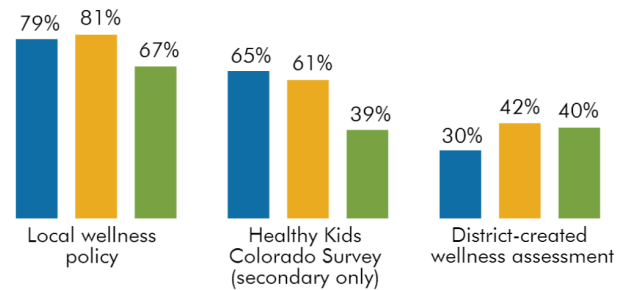

FOUNDATIONAL COMPONENTS OF SCHOOL HEALTH AND WELLNESS

SCHOOLS WITH WELLNESS TEAM

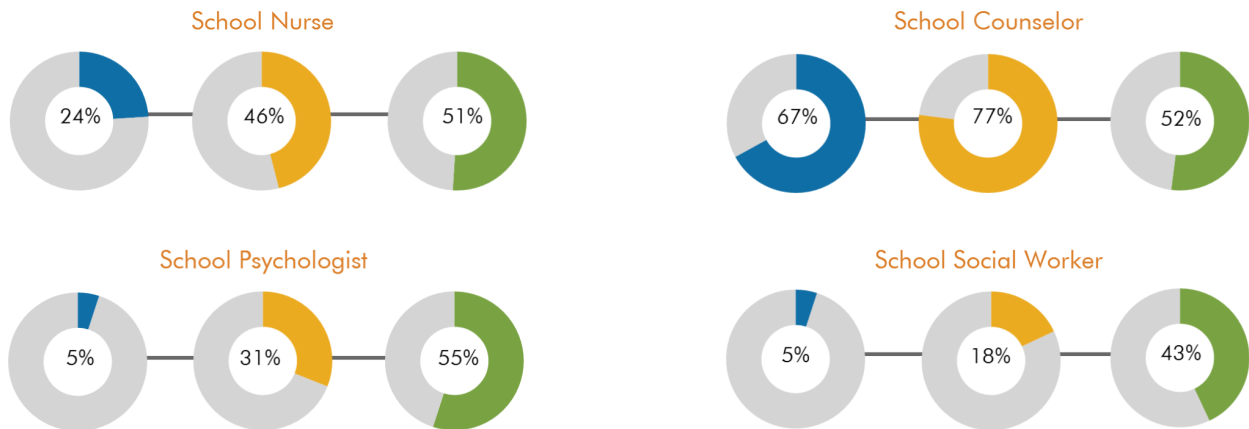

Additionally, schools in small districts have teams with the most diverse membership, including administrators, parents, and community leaders.

SCHOOLS WITH WELLNESS POLICY AND STUDENT-LEVEL HEALTH ASSESSMENTS

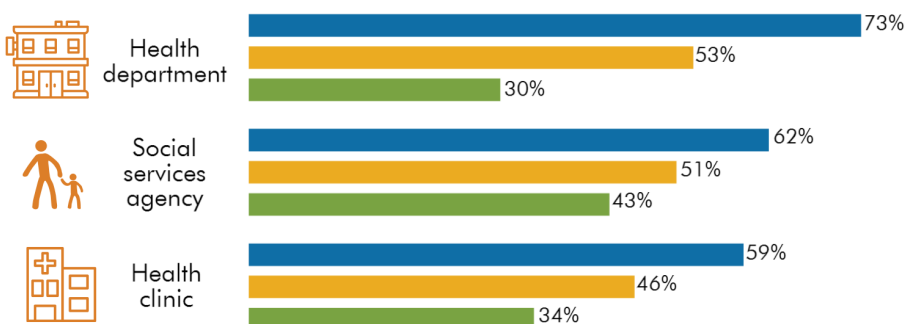

SCHOOLS WITH HALF- TO FULL-TIME ACCESS TO HEALTH STAFF

COMMUNITY & STUDENT INVOLVEMENT IN HEALTH EFFORTS

SCHOOLS PARTNERING WITH ORGANIZATIONS

SCHOOLS CO-CREATING PROGRAMS AND POLICIES WITH STUDENTS
